

ELI Summer School 2022

Thursday, 1 September 2022

Physics of sources: Anne L'Huillier (online): Fundamentals of attosecond science (09:30 - 10:50)

Physics of sources: Subhendu Kahaly: Attosecond pulses from relativistic solid density plasma: generation and application (11:20 - 12:00)

Physics of sources: Jean Claude Kieffer: Laser wakefield acceleration based ultrafast X-ray sources and their applications (12:00 - 13:20)
