Prague Public Transport

Prague has an extensive and reliable public transport network, including metro, trams and buses. For easy travel around the city, we recommend using the **PID Lítačka** mobile app, where you can search for connections and purchase public transport tickets directly on your phone.

Please make sure that your ticket is valid before boarding. Tickets purchased in the PID *Lítačka* app must be activated before starting your journey. If you use a paper ticket, it must be validated when entering the transport system.

Please note that ticket inspections are frequent, so always make sure you are travelling with a valid and properly activated/validated ticket.

See [fares details on Prague Public Transport webpage](#).
